**The Church As Learning Community** Norma Cook Everist 2010-10-01 Norma Cook Everist contends that it is meaningful to say that in ministries of administration, outreach, and pastoral care, the church is functioning as a learning community. Whenever and wherever Christians are being formed into the image of Jesus Christ through ministry, there Christian education is taking place. Christian education is the name we give to that process of formation. Building on this central insight, Everist has written a major new introduction to the tasks and practices of Christian education. Part 1 of the book focuses broadly on what it means to be the church in the world. Part 2 shows how being a learning community requires ongoing growth in faith throughout the span of life. Part 3 shifts focus to the church as it moves into the community and world.

**The Human Church** Paul O. Bischoff 2018-05-29 The church doesn't need to be more spiritual. It needs to become more human. Since God decided becoming human was right, so must the church. Jesus' language was consistently understood by nonreligious people. Elitist in-house church language may never reach the growing number of Americans without a religious background who have given up on God. This book views the church as a unique people-group and the reader as an anthropologist. Employing basic ethnographic methods, the reader looks at the church again for the first time without a religious lens. Based upon the premise that all good theology emerges from good anthropology, the book first considers the rituals celebrated around the symbols of a manger, cross, bread, wine, and tomb. Such symbols then become the basis for theological interpretation. Dietrich Bonhoeffer is the reader's conversation partner to help make the theological journey from human community to church, manger to incarnation, cross to redemption, and tomb to resurrection. The church will flourish in the twenty-first century to the degree that it proclaims the Gospel using nonreligious language with a human accent.

**Courageous Incarnation** Fredrica Harris Thompsett 1993 Christians have trouble connecting traditional church doctrines to the way they live from day to day, yet Thompsett insists that the theology of the incarnation offers hope and strength for the demands of living in a complex time. **AND** Hugh Halter 2010-04-27 What is happening to the church in America today? By all appearances, it looks like we are "doing" church better than we ever have. Our

programs are effective, our pastors are relevant, and our buildings are increasing in size. In the past 30 years the number of mega-churches has increased from under 100 to over 7,500. In the past 10 years the number of multi-site churches has increased from under 100 to over 2,000. By the numbers, these church movements enjoy the national platform, the national voice, and the resources to profoundly impact the Kingdom. But to what end? In spite of the rapid growth of these prevailing church movements we are still losing ground, and the church in the west is in massive decline. Numerous studies and books have been written documenting the flight of members from the institutional church. Yet the local church is Jesus' plan for reaching the world. The strength of the mega-church and multi-site models can be found in a strong emphasis on attracting people to the church, where they have an opportunity to encounter Jesus Christ. Yet many younger leaders are rejecting this model in favor of a more incarnational approach to ministry. These missional communities tend to focus their attention on trying to release people into ministry. In recent years a growing schism has emerged between those calling themselves incarnational leaders and those leading the prevailing church models. But what if we were able to incorporate the insights of both models into a cohesive understanding of the church? Can we bring together the very best of the attractational AND missional models for church ministry? What is needed is not another book about how to do church better. Our focus on the form church is misguided when the vast majority of unchurched Christians and non-believers aren't moving toward any form of church. Beautifully Sent will give permission for leaders to value existing church forms while catalyzing a missional movement of incarnational people into the world.

So pull up a stool, grab your favorite drink, and look again (or for the first time) at this man Jesus.
