De dood voor ogen Peter James 2022-06-02 Tom Bryce vindt een cd waarop te zien is hoe een vrouw wordt vermoord. Niet lang daarna wordt hij bedreigd... 'De dood voor ogen' is deel 2 in de Roy Grace-serie van Peter James waarvan alle delen lost te lezen zijn. Wat zou jij doen als je een cd in de trein zou vinden? Tom Bryce vindt een cd in de trein en neemt hem mee naar huis. Hij wil de eigenaar ervan opsporen en de cd terugbezorgen. 's Avonds steekt hij het schijfje in de computer en ziet tot zijn ontzetting hoe een nietsvermoedende jonge vrouw live voor de camera wordt vermoord. Op hetzelfde moment onderzoekt de politie in Brighton, onder leiding van inspecteur Roy Grace, de identiteit van een vrouw wier lichaam zonder hoofd in de duinen gevonden is. Niet lang nadat Tom de cd heeft bekeken, wordt hij bedreigd. Hij en zijn gezin zijn hun leven niet zeker als hij naar de politie gaat. Maar Tom ziet geen andere uitweg en, gesteund door zijn vrouw Kellie, legt dapper een verklaring af tegenover Roy Grace en zijn recherche team. Vanaf dat moment is de moord op de familie Bryce slechts een kwestie van tijd-en een gruwelijke attractie: de moord op Kellie en Tom wordt al aangekondigd op het internet. Ze hebben de dood voor ogen... Peter James debuteerde in Nederland en Belgi et Doodsimpel, een uitermate spannende thriller over een man die voor de-sinistere - grap op zijn vrijgezellen-avond in een doodskist wordt begraven en voor een paar uur achtergelaten. De dood voor ogen is het tweede boek rondom inspecteur Roy Grace, de man die in Engeland voor Brighton doet wat Rebus in Schotland voor Edinburgh deed. Peter James werkt momenteel aan het tv-script van Doodsimpel ta aan twee vol-gende romans rondom Roy Grace. 'Het verhaal leidt naar een geweldige climax en de spanning van het moment is bijna voelbaar' Evening Standard 'De plot ontvouwt zich voortreffelijk via verschillende korte cliffhangers, waardoor de spanning beangstigend oploopt. Ik was volkomen gegrepen. Dit is een uitmuntende thriller, ten zeerste aanbevolen' LoveReading.co.uk 'James is een fantastisch goede schrijver die zijn lezer gekluisterd houdt met een superieure vertelstijl.'ReviewingTheEvidence.com

Pillars of the Past Charles Ginenthal 2015-12-09 Pillars of the Past explores, through studies based primarily on scientific and technological evidence, the chronology of the ancient Near East. This evidence indicates that the historians and archaeologists have invented over 1500 years of history that simply never existed. The evidence includes astronomical Sothic dating, radiocarbon dating, pottery dating, tin bronze production, iron metallurgy as it relates to cutting diorite and other hard rock. In addition, erosion of Egyptian monuments along with agronomy and soil salinization, climatology, agriculture, as well as archaeological and geological stratigraphy all support the conclusion that at least 1500 years of ancient history are a mirage. Glass development, domestication of the horse and ass, Hebrew, Greek, and Hittite linguistics, forensic studies of the teeth of ancient peoples prove that this millennium and a half or more are historical fiction. *Revelation* Edward Reaugh Smith 2015-12-15 With this major work, Edward Reaugh Smith concludes his singular series on the Bible and Anthroposophy. Understanding the Book of Revelation presents the ultimate challenge to those who wish to penetrate its deepest meaning—a spiritual mountain whose summit has remained beyond reach to most people. Paradoxically, in spite of its name, Revelation is the most veiled and mysterious book in the Bible. A century ago, Rudolf Steiner opened a route to that summit. This book is the first extensive application of that priceless resource to the full text of Revelation. The substance of what Steiner tells us about John’s Revelation derives from the individuality who had that Apocalyptic Vision—he was a seer and visionary, and his account is esoteric and open only to such a seer. Smith presents Steiner as a seer who, for the first time since John wrote his Revelation, has penetrated the obscuring veil of this text. The scope of John’s vision and Steiner’s exposition covers the vast stretch of our human journey. Our ongoing involvement in that journey is not optional. We are each in it from beginning to end. This book is for those who would awake to it. *Ancient Mysteries* Peter James 2001-10-01 Examines some of the great mysteries of the ancient world, drawing on the latest research to reveal the secrets behind the Nazca lines, the destruction of Sodom and Gomorrah, and the curse of Tutankhamun.

The History of the Ancient World: From the Earliest Accounts to the Fall of Rome Susan Wise Bauer 2007-03-17 A lively and engaging narrative history showing the common threads in the cultures that gave birth to our own. This is the first volume in a bold new series that tells the stories of all peoples, connecting historical events from Europe to the Middle East to the far coast of China, while still giving weight to the characteristics of each country. Susan Wise Bauer provides both sweeping scope and vivid attention to the individual lives that give flesh to abstract assertions about human history. Dozens of maps provide a clear geography of great events, while timelines give the reader an ongoing sense of the passage of years and cultural interconnection. This old-fashioned narrative history employs the methods of “history from beneath”—literature, epic traditions, private letters and accounts—to connect kings and leaders with the lives of those they ruled. The result is an engrossing tapestry of human behavior from which we may draw conclusions about the direction of world events and the causes behind them.

Sarah Orson Scott Card 2018-03-20 The first book of bestselling author Orson Scott Card’s Women of Genesis series—a unique re-imagining of the biblical tale Sarai was a child of ten years, wise for her age but not yet a woman, when she first met Abram. He appeared before her in her father’s house, filthy from the desert, tired and thirsty. But as the dirt of travel was washed from his body, the sight of him filled her heart. And when Abram promises Sarai to return in ten years to take her for his wife, her fate was sealed. Abram kept his promise, and Sarai kept hers. They were wed, and so joined the royal house of Ur with the high priesthood of the Hebrews. So began a lifetime of great joy together, and greater peril: and with the blessing of their God, a great nation would be built around the core of their love. Bestselling author Orson Scott Card uses his fertile imagination, and uncanny insight into human nature, to tell the story of a unique woman—one who is beautiful, tough, smart, and resourceful in an era when women had little power, and are scarce in the historical record. Sarah, child of the desert, wife of Abraham, takes on vivid reality as a woman desirable to kings, a devoted wife, and a faithful follower of the God of Abraham, chosen to experience an incomparable miracle. Hurricane in a Teacup James M. Wright 2022-04-08 “The world is ending because of climate change!” Every day we are bombarded with apocalyptic warnings telling us that if we do not change our ways and dismantle our economies, we will destroy the planet. But what if it is all a cynical hoax perpetrated by power-hungry activists and politicians for their own purposes? In this book, James Wright asks that question, joining a multitude of skeptics who challenge the increasingly hysterical claims of “climate fanatics” and the science that supposedly underpins them.

Cellini’s Perseus and Medusa and the Loggia dei Lanzi Christine Corretti 2015-05-12 Cellini’s Perseus and Medusa and the Loggia dei Lanzi: Configurations of the Body of State explores the role that maternal influence played in the formation of Cosimo I de’ Medici’s absolutist state.

Ancient Mysteries Peter James 2007-12-18 What was the Minotaur? Did a Welsh prince discover America? Did Robin Hood really exist? How does the Star of Bethlehem fit into the science of astronomy? Is the Vinland Map a fake? Can archaeologists use spirit messages to guide their work? For centuries, philosophers, scientists, and charlatans have attempted to decipher the baffling mysteries of our past, from the Stonehenge to the lost continent of Atlantis. Today, however, DNA testing, radiocarbon dating, and other cutting-edge investigative tools, together with a healthy dose of common sense, are guiding us closer to the truth. Peter James and Nick Thorpe, the professional historian and archaeologist team who created the acclaimed Ancient Inventions, now tackle these age-old conundrums, presenting the latest information from the scientific community—and the most startling challenges to traditional explanations of mysteries such as: - The rise and fall of the Maya - A lost cache of Dead Sea Scrolls - The curse of Tutankhamun - The devastation of Sodom and Gomorrah - The Nazca Lines These true mystery stories twist and turn like a good whodunit, as James and Thorpe present the evidence for and against the expert theories, shedding new light on humankind’s age-old struggle to make sense of the past. The authors also make dramatic contributions of their own to the fray, demonstrating persuasively that catastrophic events—including the collisions of comets with the Earth long ago—could explain puzzles that have baffled experts for centuries. Ancient Mysteries will entertain and enlighten, delight the curious and inform the serious.

Is The Truth Out There? Darrick Dean 2008-07-19 Does truth change? How can we determine fact from fiction? Travel through history and science, religion and the mind, as we search to make sense of the world around us.

The Sunken Kingdom Peter James 1995 This work suggests a solution to a mystery which has baffled scholars for nearly 2400 years - since Plato first wrote about Atlantis. It reviews previous theories and shows why they will not work. Atlantis could not have been in the Atlantic; nor was it the volcanic island of Santorini near Crete, as currently held. Through an analysis of the sources available to Plato, it becomes clear that the story of Atlantis came from western Turkey, where about 3400 years ago, a major Bronze Age city was devastated by an earthquake and submerged beneath a lake. The new theory also provides an explanation of how and why this event grew into the story of a lost continent.

The Brotherhood of the Rosy Cross - A History of the Rosicrucians Arthur Edward Waite 2020-07-14 “The Brotherhood of the Rosy Cross - A History of the Rosicrucians” is Arthur Edward Waite’s study of the elusive Rosicrucians, a secret society which the first appeared to the public in Germany in the early 17th century. Arthur Edward Waite (1857 - 1942), more commonly referred to as A. E. Waite, was an American-born British mystic and poet. He wrote profusely on the subject of the occult and esoteric matters, and is famous for being the co-creator of the Rider-Waite Tarot deck. His work arguably constitutes the first attempt to systematically studying the history of western occultism, which he viewed more of a spiritual tradition than proto-science or pseudo-religion, as was the more common conception. Contents include: “Mythical Rosicrucian Precursors”, “Militia Crucifera Evangelica”, “Alchemists And Mystics Symbolism”, “Of The Rose And Cross”, “Fama Fraternitatis R C”, “Confessio Fraternitatis R C”, “The Chemical Nuptials”, “Authorship Of The Chemical Nuptials”, “Development Of Rosicrucian Literature”, etc. Other works by this author include: “The Alchemical Writings of Edward Kelly” (1893), “Turba Philosophorum” (1894), and “Devil-Worship in France” (1896). Many vintage books such as this are increasingly scarce and expensive. It is with this in mind that we are republishing this volume now in an affordable, modern, high-quality edition complete with the original text and artwork.

The Mass and its Mysteries Compared to the Ancient Mysteries Jean-Marie Ragon 2014-08-11 This book demonstrates conclusively the identity of the solar and lunar rites of the Greeks, Romans and other peoples, ancient and modern, to the rites of Freemasonry and Christianity. '...a complete demonstration of the incorporation of the Solar and Phallic Mysteries in Christianity.' Aleister Crowley *Jason and the Argonauts through the Ages* Jason Colavito 2014-04-04 The story of Jason and the Argonauts is one of the most famous in Greek myth, and its development from the oldest layers of Greek mythology down to the modern age encapsulates the dramatic changes in faith, power and culture that Western civilization has seen over the past three millennia. From the Bronze Age to the Classical Age, from the medieval world to today, the Jason story has been told and retold with new stories, details and meanings. This book explores the epic history of a colorful myth and probes the most ancient origins of the quest for the Golden Fleece—a quest that takes us to the very dawn of Greek religion and its close relationship with Near Eastern peoples and cultures.

The Burning Bush Edward Reaugh Smith 1997 Even more significant for Christianity in the long run than the twentieth-century Dead Sea and Nag Hammadi discoveries is the growing North American awareness of Rudolf Steiner’s works. Virtually unavailable until the end of the twentieth century, English translations from the German archives are gradually coming into print. Both Steiner and his works have thus far been virtually unknown in traditional theological circles. No Bible commentary has yet reflected the remarkable spiritual insights of Anthroposophy. Now, ten years after first encountering a written comment about Rudolf Steiner, Ed Smith combines his own extensive traditional biblical knowledge with his years of concentrated study and reflection on hundreds of assembled works by Steiner. The result is the first Bible commentary in the light of anthroposophic insight. This is the first volume of a series of Bible commentary by the author. It is based on the "anthroposophic" understanding given to humanity by Rudolf Steiner during the first quarter of the twentieth century. Bible commentaries have always reflected the general line of thinking of their authors. However, the dramatic newness of anthroposophic thought means that perhaps the usual method of using a Bible commentary is not appropriate here. A large part of The Burning Bush is necessarily devoted to laying an anthroposophic, or spiritual-scientific, groundwork. A major assumption indulged in most Bible commentaries—that one can go directly to portions dealing with given passages of scripture and understand what is being said about them—does not fit.

The Ancient Alien Question, 10th Anniversary Edition Philip Coppens 2021-03-01 “ . . . an important and outstanding contribution.” —Erich von Däniken, bestselling author of Chariots of the Gods “The Ancient Alien Question provides a captivating adventure around the world and sheds an interesting perspective on the Ancient Astronaut Theory.” —Giorgio A. Tsoukalos, producer of Ancient Aliens: The Series “Philip Coppens covers all the bases on this controversial history. His research is thorough and he addresses each topic with a balanced overview that cuts through the jungle of confusion with a very sharp machete of reason.” —David Hatcher Childress, author of Technology of the Gods The Ancient Alien Question reveals an array of astonishing truths, including: A radically different understanding of the pyramids and how they were constructed The extraordinary stories behind monuments such as the Nazca lines and Puma Punku How extraterrestrials came to our planet and the evidence that supports this Analyzing the historical and archaeological evidence, Philip Coppens demonstrates that there is substantial proof that our ancestors were far more technologically advanced than currently accepted, and that certain cultures interacted with nonhuman intelligences. Our ancestors were clearly not alone. Fifty years after Erich von Däniken posed these questions in Chariots of the Gods, Coppens provides clear, concise answers to the great historical enigmas in an accessible, readable format. Your view of human history will never be the same again!

human race has an abiding tendency to know what surrounds our often routine, mundane lives. There is an even greater tendency to involve ourselves in perceived mystery, particularly when it involves prophecy and doomsday scenarios. The astronomical Alignment on December 21, 2012 is just such an event that encompasses all the elements of a great mystery, including doomsday prophecy and more. The book chronicles what a group of noted scientists say we can expect to happen, as the sun and earth align with the center of our own galaxy. The reader is cautioned to hold on tight, and be mentally prepared for mind-bending surprises, as a cabal of our best scientific minds slug it out over the portent of the Alignment during a symposium at the Institute for Advanced Study, Princeton, NJ.

Ancient Aliens Philip Coppens 2014-12-15 Ancient civilizations generated many innovations that are difficult to explain, such as the remarkable mathematical accuracy of the pyramids of Giza, the man-made fertile soil of the Amazon known as terra preta, and massive stone monuments too heavy to move in Peru and Lebanon, among other places. Given that modern science cannot explain these mysterious phenomena, one theory holds that ancient aliens were responsible for them. This volume examines the credibility of various paranormal hypotheses, giving readers the opportunity to explore the greatest puzzles of antiquity.

Women of Genesis Orson Scott Card 2020-08-25 This discounted ebundle includes: Sarah, Rebekah, Rachel and Leah New York Times-bestselling author Orson Scott Card gives new life to the stories of the Bible in this unique reimagining of the Biblical tale. These novels illuminate the hardships and triumphs of women destined for history, imagining the human side of their stories. Sarah: Sarai was a child of ten years, wise for her age but not yet a woman, when she first met Abram. When Abram promises Sarai to return in ten years to take her for his wife, her fate was sealed. With the blessing of their God, a great nation would be built around the core of their love. Sarah, child of the desert, wife of Abraham, takes on vivid reality as a woman desirable to kings, a devoted wife, and a faithful follower of the God of Abraham, chosen to experience an incomparable miracle. Rebekah: Born into a time and place where a woman speaks her mind at her peril, and reared as a motherless child by a doting father, Rebekah grew up to be a stunning, headstrong beauty. Rebekah leaves her father’s house to marry Isaac, the studious young son of the Patriarch Abraham, only to find herself caught up in a series of painful rivalries. Her struggles to find her place in the family of Abraham are a true test of her faith, but through it all she finds her own relationship with God and does her best to serve His cause in the lives of those she loves. Rachel and Leah: Tracing their lives from childhood to maturity, Card shows how the women of Genesis change each other—and are changed again by the holy books that Jacob brings with him. There is Leah, the oldest daughter of Laban, whose “tender eyes” prevent her from fully participating in the daily work of her nomadic family, and Rachel, the spoiled younger daughter, the petted and privileged beauty of the family—or so it seems to Leah. There is also Bilhah, an orphan who is not quite a slave but not really a family member, and Zilpah, who knows only how to use her beauty to manipulate men as she strives to secure for herself something better than the life of drudgery and servitude into which she has been born. Ambition, jealousy, fear, and love motivate them as they vie for the attention of Jacob, heir to the spiritual birthright of Abraham and Isaac. The Ancient Mysteries and Modern Masonry Charles H. Vail 2005-12-01 In the early ages occult knowledge was taught openly, as the sciences are taught in our colleges to-day. But in the course of time many allowed their selfishness to rule and so abused their power that it became necessary to withhold such knowledge from the unworthy. This was the condition of religious affairs when the Mysteries were necessarily established by the King-Priests of the Divine Dynasties, in the early days of Atlantis.-from “The Origin of the Mysteries”Though the author cannot, alas, “lift the veil from the secrets of the Order,” 32nd-degree Freemason Charles H. Vail endeavors to lead the curious toward a more complete understanding of the ancient knowledge of the eternal truth of the universe of which the Masons are the keepers. From the great antiquity of Masonic symbols and traditions to the formation of the organization with their perpetuation as its goal, this 1909 book is an intriguing glimpse inside one of the most secretive fraternities in existence. It is required reading for those fascinated by arcane wisdom and secret societies.

The Lost Scriptures of Giza Jason Breshears 2006-07 How and why was the Great Pyramid of Giza built? What was its purpose? What about the Sphinx? Are there clues today that will allow us to understand its meaning? Breshears takes us through these questions and provides interesting answers based on years of meticulous studies. His work brings us into various holy books, the study of ancient symbols and into the oldest known writings of ancient Egypt. After exploring every part of the pyramid both inside and out, the author reveals how it connects to history and how we can make future predictions based on the patterns he has deciphered. He advances the theory that all major cataclysms of the past occurred at specifically predicatable times, and predicts when the next world-wide catastrophe will come. If his predictions are accurate -- and history seems to bear this out -- then we may need to prepare for what is coming.

2013 R. Lataine Townsend 2012-01-04 2013: Beginning an Era of Hope and Harmony brings together important information and perspectives about the end of the Mayan Long-count calendar, and how it relates to the astronomy, scientific discoveries, and present-day signs of the coming transition from the end of the Mayan Fourth Sun into the new world era of their Fifth sun. Writers and teachers from many fields are brought together to show how we can help in this process involving the evolution of consciousness, and how our thoughts and attitudes will greatly affect how this world’s age ends, and how the new era begins. 2013 predicts with credible proof that this new-world age, the Mayan Fifth Sun, will begin a Golden era of peace and harmony. This resource contains over 1,000 A-Z entries on the history of Britain, from ancient and Roman Britain to the present day. Each entry lists 6-12 of the best-known books on the subject, then discusses those works in an essay of 800 to 1,000 words prepared by an expert in the field. The essays provide advice on the range and depth of coverage as well as the emphasis and point of view espoused in each publication.

The Soul’s Long Journey Edward Reaugh Smith 2003 Here are amazing insights showing reincarnation to be deeply and powerfully revealed in the Bible’s most fundamental aspects. How and why have these insights escaped attention for so long? At last, they are uncovered here by a confluence of conventional Bible study and the epochal spiritual discoveries of Rudolf Steiner. With particular emphasis on the organic provisions of the Old Testament, Smith shows both what the assumptions of the Master’s hearers were and how the New Testament confirms the ancient heritage. Arising from the fullness of the canon is an exciting story of the long journey of humanity and every human soul, each a “beloved sheep” whom the Creator is unwilling to lose. Combining a lifetime of biblical study and teaching, fifteen years investigating and contemplating Rudolf Steiner’s vast works, and almost three decades of applying the analytical skill required in an intense law practice, Smith has produced a potential classic the serious Bible student can ill afford to ignore. Op sterven na dood Peter James 2009-10-31 Op 11 september 2001, ruitk Ronnie Wilson de kans van zijn leven: de chaos van New York geeft hem een alibi om zijn mislukte leven in Brighton voor eeuwig achter zich te laten en opnieuw te beginnen. ‘Op sterven na dood’ is het vierde deel in de Roy Grace-serie van Peter James waarvan alle delen afzonderlijk te lezen zijn. ‘Wie eenmaal aan een Roy Grace-thriller begint, is voor zijn omgeving onbereikbaar.’ Als Ronnie Wilson bij het ontstaan had geweten dat hij een paar uur later dood zou zijn, had hij zijn dag toch wat anders gepland Te midden van de rokende puinhopen van de Twin Towers, op de tragische ochtend van 11 september 2001, ruitk Ronnie Wilson de kans van zijn leven: de chaos in New York verschaft hem een alibi om zijn mislukte leven en huwelijk in Brighton voor eeuwig achter zich te laten en in een ander land opnieuw te beginnen. Vijf jaar later worden de stoffelijke resten van een vrouw in een rioolput in Brighton gevonden, en het onderzoek dat volgt leidt Roy Grace over de halve aardbol. Dan duikt er een tweede lichaam op in de kofferbak van een verlaten auto in Australië. Forensisch onderzoek wijst uit dat het opnieuw om een vrouw uit Brighton gaat Peter James verweeft op ingenieuze wijze verschillende verhaallijnen die zich afwisselend afspelen in Brighton, Melbourne en New York. Peter James is een van de bestverkopende thrillerauteurs ter wereld.

The Sermon on the Mount in the Light of the Temple Professor John W Welch 2013-05-28 No religious text has influenced the world more than has the New Testament’s Sermon on the Mount, and yet this crucial text still begs to be more clearly understood. Why was it written? What unifying theme or purpose holds it all together? Should it be called a sermon? Or is it some other kind of composition? How would its earliest listeners have heard its encoded allusions and systematic program? This book offers new insights into the Sermon on the Mount by seeing it in the shadow of the all-pervasive Temple in Jerusalem, which dominated the religious landscape of the world of Jesus and his earliest disciples. Analyzing Matthew 5-7 in light of biblical and Jewish backgrounds, ritual studies, and oral performances in early Christian worship, this reading coherently integrates every line in the Sermon. It positions the Sermon as the premier Christian mystery.

Op dood spoor Peter James 2009-10-31 Brian Bishop’s vrouw is vermoord. Roy Grace graaft diep in het leven van het gerespecteerde

echtpaar en komt tot de conclusie dat alles geheel anders is dan op het eerste gezicht lijkt. In de nacht dat Brian Bishop zijn vrouw vermoordde, was hij zo'n honderd kilometer van huis en lag hij te slapen. Tenminste, zo lijkt het voor inspecteur Roy Grace, die het onderzoek leidt naar de perverse moord op de jonge Katie Bishop, een bekend en mooi gezicht in het chique uitgaansleven van Brighton. Heeft Brian het onmogelijke gepresteerd door op twee plaatsen tegelijk aanwezig te zijn geweest? Of is er sprake van een gestolen identiteit of is hij misschien toch een ingenieuze leugenaar? Grace graaft dieper in het leven van het gerespecteerde echtpaar en komt tot de conclusie dat alles geheel anders is dan op het eerste gezicht leek. En dan graaft hij iets te diep - en plotseling staat het wankel evenwicht in zijn persoonlijke leven op instorten...

Peter Crossings and the Gate of Abaddon James Andrew Wilson 2004-04-01 "The Christian rival to Harry Potter has come. Peter Crossings finds his life rather dull-all he really wants is an adventure. But when he is nearly killed by a strange shadow creature from another world, his life is quickly thrust into a journey beyond his imagination. Peter must confront ancient mysteries, Aracites-a race of spider-like creatures, crimson-eyed shadows intent on his death-and most of all, his own fears if he is to save the unimaginable, fantastical world of Eden. Through it all, he must learn to trust in a Power greater than he has ever known. But can Peter remember an event from his past that holds the answer to saving this mystifying world before it's too late? If not, it may cost him his life..." --Cover.
