Waarvan wij droomden Julie Otsuka 2013-09-11 Waarvan wij droomden vertelt het verhaal van een groep jonge vrouwen die bijna een eeuw geleden als picture brides per schip van Japan naar San Francisco werd gebracht. De slopende boottocht verbindt de vrouwen in zowel ervaring als verwachting. De onzekerheid over hun leven in Amerika geeft hun een collectieve stem, een gezamenlijke identiteit. Vanaf hun aankomst in Californië zullen ze alleen zijn in een totaal vreemde wereld. Daar ontmoeten ze hun mannen, die vreemdelingen voor hen zijn, baren ze kinderen die Amerikaans zullen zijn, en moeten ze zich redden in een taal die ze niet spreken. En juist als ze zich na jaren thuis beginnen te voelen in Amerika volgt de aanval van Japan op Pearl Harbour.

Pelgrim langs Tinker Creek Annie Dillard 2019-01-10 In 1971 woont Annie Dillard, schrijfster van 'Pelgrim langs Tinker Creek', een jaar in de Amerikaanse staat Virginia, in een vallei waardoor de rivier Tinker Creek stroomt. Bijna dagelijks zwerft ze langs de oevers, waar haar geen detail ontgaat. Energiek en beziel vertelt ze in haar boek over de vaak genadeloze natuur in en rond de rivier en laat ze zien hoe gedurende de seizoenen alles onophoudelijk aan verandering onderhevig is. Ze dwingt de lezer voortdurend naar de details te kijken, en confronteert hem aldoor met het mysterie, de schoonheid én de wreedheid van het leven. En dat is meteen de grootste les van Dillards proza: dat we niet los van de natuurlijke wereld leven, maar er deel van uitmaken. Het met de Pulitzer Prijs bekroonde 'Pelgrim langs Tinker Creek'; is een subliem poëtisch essay, een zoektocht naar de betekenis van het leven en een natuurklassieker van jewelste.
