Geluk is wat je bent! Frans Langenkamp 2019-01-24 Volgens de oeroude vedische wijsheid is geluk een essentiële eigenschap van bewustzijn als zodanig. Om gelukkig te zijn, hoeven we alleen maar bewust te worden van de gelukzalige aard van ons eigen bewustzijn - ons ware Zelf! Naast een diepgaande filosofische beschouwing over wat geluk is, waar we het kunnen vinden en hoe we het kunnen stabiliseren, behandelt dit boek twaalf praktische strategieën om het geluk in ons leven te vergroten.

Maharishi Mahesh Yogi Paul Mason 2020-06-11 This groundbreaking biography of Maharishi Mahesh Yogi - the ONLY one of its kind - telling the story of Maharishi and the spread of Transcendental Meditation, is now available by popular demand, in a new, revised, re-invigorated, expanded, up-to-date illustrated paperback version. In this comprehensive biography Paul Mason describes the early days of Maharishi's teachings in the 1950s, the popularization of TM through the 1960's, the presentation of TM in specifically scientific terms, the introduction of the Science of Creative Intelligence (SCI) as well as the introduction of the lesser known aspects of the world's oldest system of healthcare - Ayurveda, and other ancient Indian sciences hitherto almost unheard of that evidently served to enhance the lives of hundreds of thousands of people, and finally the attempts to enter mainstream politics with the Natural Law Party. Maharishi Mahesh Yogi, a very famous son of India, leapt to prominence in the 1960s when his teaching of Transcendental Meditation (TM) and his widely-reported involvement with The Beatles and the Beach Boys provoked reactions from reverence to awe as a singular Indian monk from the Himalayas took the world by storm, having arrived on Western shores with nothing but good intentions. Painstakingly researched, and objectively presented, Paul Mason takes us behind the scenes, drawing on scarce and previously unpublished material. Much more than just a biography, this is a seminal enquiry that draws readers into a more meaningful understanding of their own lives through a deeper look into the aims and methods of Maharishi's organisations. We are taken deep into the Indian tradition of the Vedic scriptures, the Upanishads and the Bhagavad Gita. This work is also a celebration of Maharishi's life and his initiative to share his very original style of thinking, offering fresh perspectives on age-old themes, and massive optimism for progress and happiness. It is thought that this completely refreshed account of Maharishi's life will be of great interest to all readers, meditators and non-meditators alike.

[Maharishi Mahesh Yogi on the Bhagavad-Gita](#) Maharishi Mahesh Yogi 2015-09-12 Soft cover version of Maharishi's Timeless Classic [Nectar of the Eternal](#) Eric Hutchins 2019-07-15 Inner Wholeness of Mind: The Key to Spiritual Wisdom, a Life Fully Lived, Sustainable Communities, and Global Peace India's Bhagavad-Gita (the Lord's Song) is a seminal work illuminating our path to inner wholeness of mind, spiritual wisdom, and a life fully lived. It begins as Arjuna, a handsome prince and the best archer of his time, must choose between two different courses of action and their equally unsatisfactory consequences. Either he causes the deaths of a great many kinsmen by fighting to win back his stolen kingdom, or he lets evil prevail by refusing to fight. Faced with the same heart-wrenching dilemma today, which path would we choose and why? Bewildered, Arjuna refuses to fight and asks Lord Krishna, his best friend and charioteer, to advise him. Lord Krishna begins by admonishing him to fight the unrighteous in order to protect the righteous. Krishna goes on to tell Arjuna why his grief over the impending deaths of allies and adversaries alike is misplaced and, in any case, a waste of time. Finally, Krishna describes how Arjuna and the rest of us can do what is right in our lives and achieve lasting happiness. The key is cultivating a mental state of union with the part of ourselves that neither lives nor dies and yet lends each of us the conscious awareness needed to perceive, think, act, and live in this world. In [Nectar of the Eternal](#), author Eric Hutchins brings together the work of several renowned scholars including Mahatma Gandhi, Maharishi Mahesh Yogi, Vladimir Antonov, Eknath Easwaran, and Sir Charles Wilkins (the first to translate the

Bhagavad-Gita into English in 1785). Their translations of thirty-eight key verses along with the author's five decades of deep, introspective practice provide depth and clarity regarding how we may achieve more joyful lives, better enrich the lives of others, and help build sustainable communities and a peaceful world.

Hij laat zien hoe hij meditatie deel heeft gemaakt van zijn dagelijks leven en hoe hij hierdoor op ideeën komt die anders onbereikbaar blijven. Het boek geeft inzicht in de werking van een uiterst creatieve geest. Met door Lynch zelf afgenomen interviews met Paul McCartney en Ringo Starr over de rol van meditatie in hun leven.
