What is true feminine  
beauty? As the artist I  
fancy myself to be, I  
feel that I know it when  
I see it. Many women are  
blessed with natural  
beauty which has two  
components as far as I'm  
concerned: 1.) The face.

2.) The body. In the face, some women have striking looks but if they don't have beautiful souls it reverberates there. Your resting expression indicates the type of person you are. Over time, this expression becomes your permanent face which is why I can tell who looks happy in a relaxed way versus the girls with anger, sadness or a beef with the world written on their faces. They have scowls on them. Look at yourself in the mirror with no expression on your face. You can see how other people see you. See more at [tonykel.com](http://tonykel.com)

Milady 2014-06-11 "This book contains questions similar to those that may be found on state licensing exams for nail technology. It employs the multiple-choice type question, which has been widely adopted and approved by the majority of state licensing boards... This review book reflects advanced

in professional nail technology. It attempts to keep pace with, and insure a basic understanding of, sanitation, anatomy, physiology, and salon business applicable to the nail technician, client consultation guidelines, chemical safety in the nail salon, and basic manicuring and pedicuring procedures"--

2021-04-01 As a student in the esthetician field, I was looking for a book I couldn't find. I wanted a book that was straight forward and answered my questions without being too technical. I wanted to understand what I was being taught. I needed it to "click" with so much information coming at me at once. Some of my questions seemed too simple to ask, while

others veered off topic. This book is written in a question and answer format and also includes lists and charts. It's a book for the beginner, the student looking for an easier way to absorb what you're being taught. It can also be used for the intermediate esthetician as a quick study guide and refresher. This is the book I was looking for while I was in school, but never found. esthetician students, esthetician, aesthetician, esty, esty students, skin care, skin care student, esthetician text
