Still Life with Cars John L. Lumley

2005-06-30 Most childhood

fascinations are a passing fancy, but something about cars tends to capture the imagination forever. Witness the countless backyard weed-wrapped classics, rusted just shy of a shadow, slated one day for a return to glory; cloudy vacation memories of choking exhaust, deafening engines and blinding chrome; countless white-knuckled highway moments as the driver faces backwards to better glimpse some passing oddity spotted four lanes over. Somehow, cars have a way of getting into a kid's blood. Any chronic condition requires a lifetime of maintenance. John Lumley caught the fever early--likely from a midnight blue Hudson--and it's been with him ever since. This engaging memoir follows a life spent nursing an obsession with cars, fitting for a son of Detroit's heyday. With occasional play in the garage of the Ford estate and an excursion to see Buckminster Fuller's three-wheeled Dymaxion among his earliest memories, John Lumley's enduring love of cars

is no surprise. From those childhood adventures followed a lifetime spent elbow-deep in engines--Nash, Hupmobile, Mercury, Citroën, Triumph, Volkswagen, Lagonda, Armstrong-Siddeley, Bentley and more, many of them pictured. Though his career was devoted to loftier pursuits, the grease beneath his nails perhaps best sums up Lumley's lifelong love. Fifty-eight photographs and an index accompany the text.

The Christian Satanist Lucifer Jeremy White 2022-02-25 A truly good look into the religion of Christian Satanism and The Christian Satanist's place within it. Christian Satanism is a worldly gray sided religion worked into the middle area of life, its thoughts, things, and substance. It gives its followers both a soul and a spirit, and a love for earth and our lives within it. After all, the world exists between heaven and hell. It prefers philanthropy and morality over being "sinister" or "diabolical" in some sort of weird way. On the other hand it doesn't strive to judge or condemn through Christianity. This book is for anyone who may find the gray side a more attractive thing.
